INDEX

VOL. XXIII, 1929-30

Note.—In this volume two series of numbers are used for pagination, one being the sectional page number and the other the volume page number. The latter only is used in the Index. It is hoped that this change will help readers when using the bound volumes.

- Abel, A. Lawrence.**—Acetylcholine in relation to abdominal surgery, 1224
double carcinoma of pelvic colon and rectum associated with polyposis of colon and duodenum, 713
- Abdominal** operations in rectal surgery, anaesthesia in, 419
surgery, acetylcholine in relation to, 1224
tumour (?) causing ascites and congenital morbus cordis, 433
- Abortion**, conditions of chorion in, statistics, 250
contagious, in cattle, 240, 250
diseases associated with, 249
early, and sterility, causes of, discussion on, 237-253
human, statistics of, 241
incidence of, among patients at General Hospital, Birmingham, 248
initial vitality of germ-plasm in relation to, 241
in relation to parity, statistics, 248
normal and pathological ova of first two months, statistics, 249
nutrition of ovum in relation to, 246
site of implantation of zygote in relation to, 242
- Abscess**, of the brain (H. Neumann), 1045
See also under *Brain*
from point of view of neurological surgeon (H. Cairns), 1049
of lung, treatment of, discussion in, 757
- Abscesses**, fixation, at site of intramuscular quinine injections in cases of paratyphoid C, 168
- Acetylcholine**, in relation to abdominal surgery, 1224
- Achalasia** of cardia with elongation and extreme dilatation of oesophagus, 234
- Chondroplasia** in child aged 4 years, 1583
- Ackland, J. M.**—Oral sepsis in its relation to general disease, 65-69
- Acne agminata**, case of, 1486
- Acnitis**, case of, 1486
- Acoustic** nerve, tumour of, demonstrated by radiography, 731
tumours, diagnosis of (T. H. Just), 722
- Acromegaly** and goitre, pituitary tumour with, 94
- Actinobacillosis** of cattle, 871
- Actinomyces** *boris*, infection by, 862
graminis, 862
madurae, 862
- Actinomycosis**, aetiology of, 865
and sialolithiasis, connection between, 874
clinical feature, and treatment 869
common to man and animals, discussion on, 861
conditions term may refer to, 862
geographical distribution of, 867
of brain, 1062
ulcerative condition of throat and nose tentatively diagnosed as (previously shown May 3, 1929), 1415
- Actinophytosis**, suggested use of name for group of infection, 864
- Adams, A. Wilfrid.**—Pyelography in renal tuberculosis, 332
- Adams, W. Stirk.**—Microscopic section of papilloma of vocal cord, showing an encapsulated foreign body, 1152
- Adenoids**, affection of hearing and the fight against adenoidism in Italy (G. Guida), 1545
- Adenoma**, cystic (epithelioma type), of conjunctiva, 43
sebaceum, Pringle's type, with fibromata on trunk and scalp, 1488
- Adie, W. J.**—Discussion on disease of pituitary body, 201-205, 216
hepato-lenticular degeneration, 90
pineal syndrome (ocular palsies and precocity) in boy of 12, 90
- Air** and food passages, 30 foreign bodies removed from, 1511
- Aitken, D. McCrae.**—Discussion on spasmodic flat-foot, 985
respiratory rhythm in physiological relation to movement and posture, 301
- Albee, Fred H.**—Various uses of the bone graft, 855
- Albinism**, partial; splenomegaly, case of, 279
- Albury, N.**—Congenital atresia of bile-ducts specimens from case of, 261

- Alukaemic** phase in chronic lymphatic leukaemia, 218
- Alimentary** canal of cat, changes in following radiations, 1673
- Alopecia** of scalp, cicatricial, extensive. ? Lichen planus, 1643
totalis after slight nervous shock, 606
- Alzheimer-Perusini's** disease, changes in brain in, 541
- American** psychiatry, impressions of (E. Mapother and A. A. W. Petrie), 1197
voluntary treatment in State hospitals, 1203
- Amputation**, flap-cutting in, in relation to artificial limb, 1308, 1310
length of stump in relation to artificial limb, 1308, 1311, 1314
stumps, some difficult types to fit, 1322
treatment of cut nerves in, in relation to artificial limbs, 1309, 1310
- Amputations**, and their relation to the artificial limb, discussion on, 1307
below-elbow, ideal stump for, 1322
kinetoplastic, 1324
of upper extremity, classification of, prosthesis for, 1320
ideal site for, 1321
value of instruction in use of artificial limbs and appliances after, 1325
- Amyotonia** congenita, case of, 1115
muscular dystrophy with, 1424
- Anæmia**, hæmolytic, congenital, with splenomegaly, in child, controlled by liver treatment, 1278
pernicious, without combined degeneration of spinal cord, blood-picture of, 431
severe rickets with, 119
splenic, 261
treated by splenectomy (previously shown March, 1926), 116
X-ray, and liver feeding, 1688
- Anaerobic** bacteria, pathogenic, puerperal infection by (A. J. Wrigley), 1645
- Anæsthesia**, avertin, discussion on, 99-107
ethylene (R. J. Clausen), 1259
extradural, in rectal surgery, 421
in operations for lung incision, 760
in operations for piles, 702
in rectal surgery, discussion on, 419-425
in surgery of colon and rectum, 1216, 1220
in thoracic surgery, discussion on, 771
statistics, 780
local, in rectal operations, 421
infiltration, in rectal surgery, 421
- Anal** polyp and von Recklinghausen's disease, 597
- Analgesia**, local, in thoracic surgery, 772
spinal, with spinocain (C. Donald), 915
- Analgesic**, percaine, a new regional and spinal: with special reference to high thoracic nerve root-block and a new technique (W. H. Jones), 919
- Anderson**, John.—Cutting currents, 803
- Aneurysm** (?), ascending pharyngeal, 378
carotico-cavernous, 1118
ventricular, coronary thrombosis with, 273
- Aneurysms**, in England, statistics of, 960
in German hospitals, statistics of, 959
- Angioma**, arterial, of brain, 98
of tongue, 38
- Animals** and man, actinomycosis common to, discussion on, 861
Brucella infections in, discussion on, 559
- Anterior** chamber, persistent pupillary membrane and cilia in, 45
- Antimalarial** campaign in Italy, observations on (J. G. Thomson), 1011
antilarval measures, bonification, 1012
- Antimony**, tolerance to, in treatment of bilharziasis in children, 1737, 1738
- Antipyrinides** (?), eruption: case for diagnosis, 811
- Antitoxic** serum, in puerperal infection by anaerobic bacteria, 1652
- Aorta**, coarctation of, 111, 119, 829, 998
single, and patent ventricular septum, 111
- Aortic** regurgitation, syphilitic, 962
- Aortitis** arcus, 963
ascendens, 962
descendens, 963
syphilitic, discussion on, 959-972
forms of, 962
frequency of symptoms, 962
prognosis and treatment, 963, 964
sex incidence of, 961
- Aphonia**, functional, and allied disorders, apparatus used to treat, demonstration of, with notes on classification of such disorders (E. C. MacLeod), 785
- Apophysitis**, bilateral, of os calcis, 994
- Apothecaries**, Worshipful Society of, armorial bearings of (T. V. Dickinson), 11
- Arachno-dactyly**, case of, 1004
- Arachnoiditis**, following acute mastoiditis and leading to obesity, 527
simulating brain abscess, 1054
- Arkwright**, J. A.—Discussion on typhus-like fevers of unknown ætiology, 1028
- Armstrong-Jones**, Sir Robert, C.B.E. — Discussion on the difficult child, 581
superstition, 135
- Arthritis**, multiple, subacute, with fibrous nodules, 34
suppurative, in cases of paratyphoid C, 168
- Arthrodesis** by bone graft, 858
- Artificial** limbs, amputations and their relation to, discussion on, 1307
and appliances, value of instruction in use of, 1325
- Aryteno-epiglottic** fold, left, papilloma of, section removed by direct method, 1414
- Arytenoid**, right, thickening over: hoarseness. Case for diagnosis, 379
- Ascites**, due to cirrhosis of liver, cured by Talma-Morison operation, 127
- Asthma**, cat; treated, 265
in a child, relieved by removal of redundant portions of middle turbinated bodies, 947
- Ataxia**, progressive, in child, with positive blood Wassermann reaction, 91
- Athetosis** in boy aged 4 years, case of, 1582
- Atkinson**, E. Miles.—Pathology of adjacent brain abscess, 1059
- Atrophy**, idiopathic (?). Case for diagnosis, 161
- Attico-tympanotomy**, simple and combined, 1446, 1447
- Auricle**, left, aneurysmal dilatation of, 955, 1275

- Luprophos**, treatment of lupus erythematosus by, 1398
- Australia**, South, post-mortem examinations in, tuberculous lesions met with, and their significance, 1245
- Avertin** anaesthesia, discussion on, 99-107
and paraldehyde anaesthesia in thoracic surgery, 773
use of, in oto-rhinology (W. S. Thacker Neville), 1535
- Ivery**, H.—Advanced osteo-arthropathy in pulmonary neoplasm, 770
Case of jaw-winking phenomenon, 768
Rumination in man, case of, 769
Transposition of viscera, 1279
- Ayerza** syndrome (?) specific pulmonary arteritis or congenital lesion. Variable heart block with cyanosis. Case for diagnosis, 275
- Aykroyd**, W. R.—Discussion on tropical diseases arising from dietetic deficiency, 742
- Bacillus abortus* infection, importance of, 559
B. aerogenes capsulatus, blood-stream infection of, 1647, 1648
infection, conditions necessary for, 1647
site incidence of, 1645
- Bacillus paratyphosus* C as a pyogenic organism, 165
- Badcock**, J. H.—Design of partial dentures considered in relation to health of oral tissues, 1457
- Baldwin**, A.—Discussion on complications of operations for piles, 706
- Balfour**, Sir Andrew.—Discussion on antimalaria measures in Italy, 1016
- Ballance**, Sir Hamilton, K.B.E.—Double colon, case of, 1570
- Ballantyne's** drop bottles, two sterilizers for, 300
- Bankart**, Blundell.—Discussion on injuries to brachial plexus, 1286
- Banks-Davis**, H. J.—Papillomatous condition of larynx, 937
- Banti's** disease, advanced, treated successfully by ligature of splenic vein, 1405
(?) thrombocytopenic purpura, 1404
- Barber**, H. W.—Benign sarcoid lymphogranuloma of Schaumann, 413
congenital ichthyosiform erythrodermia, 1636
discussion on therapeutic value of gold compounds, 1396
eruption (?) antipyrinides; case for diagnosis, 811
extensive lichen planus with involvement of mucous membranes in a young child, 354
? leukæmia; case for diagnosis, 413
(?) lupus erythematosus of buccal mucous membrane, 353
pustular psoriasis, 1637
mycosis fungoides, 810
unusual form of sarcoid (?). Case for diagnosis, 353
- Barker**, J. R.—Discussion on causes of early abortion and sterility, 239
- Barnes**, E. Broughton.—Aneurysm (?), ascending pharyngeal, 378
carcinoma of ear, 1231
discussion on radical mastoid operation, 395
late result of too high a tracheotomy, 379
- Barton**, J. Kingdon.—Discussion on tropical diseases due to dietetic deficiency, 743
- Bath** fever in spa treatment, 813, 814
reactions in spa treatment, discussion on, 813
- Bazin's** erythema induratum scrofulosorum, treatment by gold compounds, results of, 1390, 1394
- Bedford**, D. Evan.—Discussion on syphilitic aortitis, 971
three cases of congenital heart disease with cyanosis, in adults, 180
- Beri-beri**, confusion with epidemic dropsy, 735, 738
dietetic deficiency hypothesis, criticisms of, 734
infantile, 741
staple white-flour bread in relation to, 742
- Berlin**, Charité Hospital, statistics of syphilitic aortitis at, 959
- Bile-duet**, common, gall-stone from, 944
- Bile-ducts**, atresia of, congenital, specimens from case, 261
- Bilharzia** diseases in children (J. B. Christopher-son), 1733
antimony treatment of symptoms occurring in, 1740
variation in antimony tolerance, 1737, 1738
- Bilharziosis** of the blood-vessels, 1369
- Billington**, S. G.—Discussion on canine distemper, 754
- Billington**, W., and **Round**, H.—A two-stage operation for cleft palate, 659
bone-grafting the mandible, 653
- Biography** and history, psychiatry in relation to (H. J. Norman), 1425
- Biopsies**, diathermy cutting current for, 804
- Birmingham**, General Hospital, incidence of abortion among patients at, 248
- Birth** injury, defective vision due to, 1004
- Bishop**, W. J.—English physicians in Russia in 16th and 17th centuries, 143-152
- Bladder**, carcinoma of, arising in the urachus, 332
nævus of, 332
papillomata of, evolution of, 1557
indications for cystoscopic diathermy, 1562
results of cystoscopic diathermy, 1559
results of excision of, 1558
treatment by cystoscopic diathermy, 1557
choice of instrument, 1563
technique, 1564
tumours of, excision of, diathermy cutting current for, 804
- Blake**, V. H.—Hirschsprung's disease treated by rectal tube, 1581
- Blandy**, M. A.—Leontiasis ossea, 1123
- Blomfield**, B. B., and **Fraser**, J. S.—Temporal lobe abscess. (Notes on 17 consecutive cases operated on at Royal Infirmary, Edinburgh, from 1908-1929), 1056

- Brain, W. Russell.**—Cerebral tumour (?) angioma, 1419
 Discussion on injuries to brachial plexus, 1286
 and **Byrom, F. B.**—Hypercholesterinæmia, 222
- Branchial cyst**, specimen of, 553
- Bray, G. W.**—Discussion on tropical diseases arising from dietetic deficiency, 741, 743
 The story of leprosy at Nauru, 1370
- Breast**, adenoma of, lactating, 944
 carcinoma of, colloid, 553
 diathermy cutting current for, 804
 duct sarcoma of, four specimens of, 942
 sarcoma of, 552
 secondary melanotic deposits in, 552
- British Guiana**, paratyphoid C, an endemic disease of: a clinical and pathological outline. *B. paratyphosum* C as a pyogenic organism: case reports (G. Giglioli), 165-177
- Brockman, E. P.**—Discussion on spasmodic flat-foot, 981
 swelling of elbow, later proved to be chondroma, 1339
- Bronchiectasis** cured by aspiration, 1156
- Bronchoscope** and œsophagoscope, new, 1414
- Bronchoscopy** in diagnosis and treatment of lung abscess, 758
- Bronchus**, foreign bodies in, X-ray appearances of, 987 *et seq.*
 left lower lobe, non-opaque foreign body in, report of case of, 791
 right, carcinoma of, 371
 non-opaque foreign body in, three cases of, 372
 rupture of interlobar empyema into, 236
- Broster, L. R.**—Case of false localizing signs in cerebral tumour: endothelioma of left Sylvian region revealed by ventriculography, 552
 four specimens of duct sarcoma of breast, 942
 hypernephroma, specimen of, 551
 secondary hypernephroma in femur, with spontaneous fracture after 9 years, 551
- Broughton-Alcock, W.**—Case of invasion of intact mucous membrane by spirochetes, 1017
- Brown, L. Graham.**—Laryngeal growth. Case for diagnosis, 515
 myeloid sarcoma of superior mandible, treatment by surgery, diathermy and radium, 934
 osteoma of frontal sinus. Operation for removal, 514
 the triumphs and failures of the mastoid operation, 385
- Brucella** infections in man and animals, discussion on, 559
 bacteriological diagnosis of, 563
 elimination of danger from cattle, 561
 epidemiology of, 566
 identification of types of, 565
 immunity to, 562
 origin and relationship of different members of *Brucella* group, 561
 transmission from animals to man, 560
 treatment of, in cattle, 561
- Buccal mucous membrane**, intact, invasion of, by spirochetes, 1017
